## NERS FACED DEATH

### y Men in Catsburg Mine ave Thrilling Experience.

### RE GIVEN UP FOR DEAD

**Hours They Battled Through the ark Windings for Distance of Sev. Miles, Momentarily Expecting eath from Suffocation.**

Monongahela, Pa, Jan. 20.—Escap death by cremation or suffocation, being blown to pieces by an ex- ion, forty miners employed in the sburg mine of the Monongahela er Consolidated Coal and Coke pany, made their way through the k headings for a distance of sev- miles and finally reached the open

**No Lights to Guide Them.**

Without lights to guide them and en up as dead the men battled for hours with fire, and when they ched the surface their faces were ckened, clothes were torn, and all e severely bruised from stumbling their flight for safety.

Fortunately, the mine contained very le gas or another mine disaster uld have been recorded in western nsylvania.

The mine was fired some time dur- the day by a blow out shot and en the fire was discovered at 9 lock Friday night by the forty men, escaped to the surface though the onongahela entry was cut off.

Momentarily expecting an explosion h its horrible consequences, the n started, panic-stricken, for the try at Charleroi, seven miles dis- nt. In their frenzy they stumbled d fell but only to jump up again d continue their mad rush for fety.

**Men Sobbed Like Children.**

The experience was probably the ost frightful a body of coal miners s ever had. When the men reach- the surface at 2 a. m. Saturday orning, a majority of them were sob- ng like children. A large force men are bratticing the part of the ine which caught fire and it is be- ved the damage will be small.

### PHOTOGRAPH POLICE FORCE.

**rder Issued by Police Commissioner Bingham, of New York.**

New York, Jan. 20.—The entire olice department of the city will be hotographed. Orders to this effect ere Saturday issued by Police Com missioner Bingham. A complete pho ographic record of the force is desired or convenience in identifying patrol- men against whom complaints may be odged.

Another order issued by the commis- ioner, abolishing long leaves of ab- ence, will have the effect of keeping p numerical strength of the force uring the summer months, when the commissioner believes more men are eeded to protect the empty residences f wealthy New Yorkers as well as to eal with a possible recurrence of the "crime epidemic of last summer."

### DEADLY WOOD ALCOHOL.

**Three Sailors Dead, Two Totally Blind from Drinking It.**

Vallejo, Cal., Jan. 20.—John Harf, of the cruiser St. Louis, died here from the effects of wood alcohol, sur reptitiously taken. He is the third victim in a week to succumb to the poisonous drink; two other sailors are totally blind from the same cause and five others may never again be fit for active service.

Harry Wilson and James T. Hayes are the other two bluejackets who are dead from the drink.

The men procured the wood alcohol from a quantity of linoleum cement which they softened by pouring water on it.

**Chamber Commerce Elects Officers.**

Athens, Ga., Jan. 20.—The Athens chamber of commerce has elected the following officers for the ensuing year: President, M. G. Michael; first vice president, John D. Moon; second vice president, W. A. Mallary; secretary, T. W. Reed; treasurer, J. C. Jarlor.

### PUBLIC EXCLUDED.

**Astonishing Move Made in the Trial of Harry K. Thaw.**

New York, Jan. 20.—The most astonishing move that has yet been made by either the prosecution or the defense in the trial of Harry K. Thaw, charged with the wilful murder of Stanford White, came Friday when District Attorney Jerome asked the court to exclude from the court room the public, including the newspaper writers, during the repeating by Evelyn Nesbit Thaw of the stories she told on the witness stand at the first trial.

Mr. Littleton, for the defense, quickly added his request to that of Mr. Jerome.

Justice Dowling announced that he would take the question under consideration and give a decision Monday.

At the first trial hundreds of people besieged the court room and used every artifice to secure admission while young Mrs. Thaw was telling her horrible story on the stand. The lines were drawn very tightly, even then only a few outsiders and those present who had influence with the court officers securing admission.

There were a few women in the court room when the story was begun and Justice Fitzgerald stopped the testimony to give those of them, who desired, an opportunity to leave the room. Not one of the few women who had schemed so hard for admission, took advantage of the opportunity to leave, but all remained until the story was finished.

### FATAL AUTO CRASH.

**Speeding Machine Upset, Killing Two and Wounding the Driver.**

Baltimore, Md., Jan. 20.—George L. Billups, proprietor of Billups' hotel, Park Heights and Heyward avenues, and his wife were instantly killed Saturday by being thrown from an automobile at Park Heights avenue and the Pimlico road entrance to Druid Hill park.

Let H. Shaad, of Elk Ridge, Howard county, the owner and driver of the machine, was hurt internally, but not fatally. Mr. Shaad said he had stopped at Billups hotel and was taking Mr. and Mrs. Billups out automobile driving. He was going south on Parks Heights avenue, when Mr. Billups asked him to speed his machine, he said. In turning the curve at the Pimlico road entrance to the park, his machine skidded and upset, Mrs. Billups landed between the two trolley car tracks and Mr. Billups on one of the tracks.

The automobile was completely wrecked.

### BRUNSWICK'S MAYOR RESIGNS.

**Recent Action of City Council Said To Have Been the Cause.**

Brunswick, Ga., Jan. 20.—A surprise was sprung at Thursday night's session of the council when Mayor W. F. Symonds tendered his resignation, to become effective Feb. 1.

The recent action of council, which took from the mayor all power of making appointments, was construed as a reflection, and in a short address he spoke candidly upon the subject. This action, it is claimed, is the indirect result of the last election against the administration ticket which was elected, and their first action was to minimize the mayor's power.

There is much speculation as to who his successor will be.

**Expects Amicable Settlement.**

Tokio, Jan. 20.—The constitutionalists at a general meeting Saturday passed resolutions supporting the government measure to be submitted to the diet. Saionji, the premier, in a speech emphasized the amicable relations between their country and the powers. He said the emigration problem was practically settled with Canada, and that he confidently expected a satisfactory understanding with the United States.

**Child Labor Day.**

New York, Jan 20.—The National Child Labor committee has just issued through the religious press of the country a letter to pastors and churches, requesting the observation of Saturday, Jan. 25, or Sunday, Jan. 26, as child labor day. Last year a number of churches considered this question of child labor day.

## WALSH FOUND GUILTY

### Was President of the Defunct Chicago National Bank.

### WAS GUILTY ON 54 COUNTS

**Penalty Under the Law for the Crime For Which the Former Bank Official is Convicted is Imprisonment for Not Less Than Five Years.**

Chicago, Jan. 20.—John R. Walsh, president of the defunct Chicago National bank, was Saturday found guilty of misappropriating the funds of that institution.

The jury reached an agreement shortly after 3 o'clock Saturday morning, but the verdict was not announced until after court reconvened at 10 o'clock.

The penalty under the law for the crime for which Walsh is convicted is imprisonment for a period of not less than five years. It does not permit of the substitution of a fine for the prison term.

Walsh was found guilty on fifty-four counts.

The original indictment contained 182 counts. Demurrers were sustained as to thirty-two counts which left 150 upon which the jurors were required to pass.

Walsh was present in the courtroom and received the verdict with little show of emotion. On the contrary one of the jurors, Elbert Palmer, of Harvard, Ill., burst into tears as he took his seat in the jury box and was so overcome during the proceedings that he was scarcely able to answer the clerk when asked if the finding represented his view as to the guilt of the defendant.

The charge against Walsh grew out of the closing in 1905 of the Chicago National bank, of which Walsh was president, and its allied institutions, the Home Savings bank and the Equitable Trust company. Walsh was accused of having loaned funds of these institutions aggregating some sixteen millions of dollars, on fictitious and insufficiently secured notes to nearly a score of struggling enterprises which he himself had founded and practically owned. Many of the notes, it developed at the trial, were signed, without authority, in the names of various employes of Walsh.

The directors of the bank testified that they were not consulted by Mr. Walsh as to the making of these loans and that they knew nothing of them.

Twenty-six of the notes were described as "memorandum" notes and they formed one of the chief features of the trial. They represented more than $2,000,000.

The defense took the ground that all the Walsh enterprises were built up in order to save and protect original loans made by Walsh in good faith.

### GIRL HELD AS SLAVE.

**Was Kidnaped by Chinese from Her Parents in Cincinnati.**

Pittsbur, Pa., Jan. 20.—Florence Livingston, 14 years old, is in the hands of the police, having been captured in a raid on a house occupied by Lee Ping in the Chinese quarter.

The girl says she was kidnaped from her parents in Cincinnati when she was nine years of age and since that time has been held by the Chinese as a slave, frequently passing from the hands of one Chinese to another in different parts of the country. She says she was not allowed to write to her friends and finally even forgot the name of the street on which she lived. She could tell the police nothing about her parents. She now speaks Chinese fluently.

**Child Scalded To Death.**

Augusta, Ga., Jan. 20.—Ruth A. Hayes, the 2-year-old daughter of Mr. and Mrs. A. B. Hayes, was scalded to death by water from a boiling kettle which the child accidentally overturned. The baby had been left alone for a moment in a rocking chair, near the stove; in some manner it upset the chair, which in turn knocked over the kettle. The child sustained frightful burns over the neck and head.

### DASHES INTO LANDSLIDE.

**Freight Train on Seaboard Wrecked. Wreckage Takes Fire.**

Atlanta, Jan. 20.—Rounding a curve through a deep cut on the Birmingham branch of the Seaboard Air Line, near Floyd, Ga., 14 miles from Atlanta, Friday afternoon, freight train No. 20 dashed into a landslide of dirt and rocks, half burying the big mogul engine, turning the tender across the track and setting the train on fire.

The four men on the engine at the time of the accident had a miraculous escape from death.

The injured are B. Underwood, conductor, of Birmingham; C. W. Lee, engineer, of Birmingham.

Monroe Taylor, fireman, negro, of Birmingham, and E. L. Jackson, the head brakeman on the train, were also in the engine at the time of the accident, and escaped unhurt.

The injured men were brought to Atlanta on a special train and carried to the Grady hospital, where their wounds were attended by Dr. E. D. Richardson, the local surgeon for the Seaboard, who stated that none of the injured men were seriously hurt.

From the nature of the wreck and the destruction wrought it is a wonder that the men escaped with their lives.

### FOREIGNERS EXCITED.

**Arrest of Alleged Black Hand Men at Pittsburg the Cause.**

Pittsburg, Pa., Jan. 20—The arrest at Baltimore of John Schlatta and Salvore Leopore, alleged black hand men, in connection with outrages against several Pittsburg Italians, has excited the foreigners here.

The attempts made upon the lives of Joseph Sunseri and Nunzio Battaglia, both of this city, for whose death it is said a prize of $30,000 was offered by the black hand society, were sensational and almost successful.

Sunseri was attacked in the Twenty-first street produce yards recently by two Italians who shot and slightly wounded him. Sunseri returned the fire, however, and killed an Italian, later identified as M. Rei.

The home of Nunzio Battaglia and family in Chatham street was wrecked shortly afterwards by a dynamite bomb but no one was injured.

### WIRELESS MESSAGE SAVED HIM

**Allen Had Prepared to Commit Suicide but Was Restrained.**

Fall River, Mass., Jan. 20.—That George H. Allen is alive today is due to the fact that there was a wireless telegraph installation on the sound steamer Plymouth.

While the steamer was on its way here from New York, a wireless message was received to the effect that Allen was aboard and that he had left letters in New York saying that he was going to kill himself.

A search for the steamer was made and Allen was located in a stateroom with a bottle of poison which he was about to drink. He was restrained and brought here.

### TRIED TO HIDE CRIME.

**Night Watchman Murdered and His Body Partly Cremated.**

Chattanooga, Tenn., Jan. 20.—J. D Logan, aged 66, night watchman at the plant of the Whelan Machine works, was murdered Friday morning, his head having been crushed by a blow with some heavy instrument.

The murderer evidently became frightened and placed the body of Logan in a small frame shed and set fire to the building. The body was found by firemen, burned almost beyond recognition.

The city and county police are on the trail of the murderer. Logan leaves a wife and five children.

**Knoxville Holds Election.**

Knoxville, Tenn., Jan. 20.—A municipal election, to choose a mayor, eleven aldermen, chairman of, and two associate members of the board of public works, was being held in this city Saturday. Two tickets were in the field—Democratic and Citizens' Reform. The campaign has been animated and somewhat bitter. Indications point to the election of a split ticket as was the case two years ago when men from each of three tickets were chosen.

## A DAY OF FUNERALS

### Burying Victims of Boyertown Horror Still Progressing.

### UNDERTAKERS IN DEMAND

**One of the Saddest Funerals of the Day Was That of the Six Meyer Girls, Three of Them Sisters and the Other Three Cousins.**

Boyertown, Pa., Jan. 20.—This was another day of funerals in Boyertown, the scene of last Monday night's fire in which 173 persons lost their lives.

It was an extremely sad day, even to the casual visitor who came to town simply to see the ruins of the opera house. About sixty funerals took place, and so great was the demand for undertakers and hearses that additional assistance and vehicles had to be impressed into service from the neighboring places.

Many of the dead were taken to churches where services were held. The churches were crowded and as soon as one of the funeral corteges departed another party of mourners would enter the edifice.

The great feasts for which the Pennsylvania Germans are noted as giving on funeral occasions were dispensed with in every household which lost a member in the fire. One of the saddest funerals of the day was that of the six Moyer girls, three of them sisters, and the other three cousins.

There were several double funerals of husband and wife, and among others buried was Dr. Frank Brunner, a former state senator.

### BAR WOMEN SMOKING.

**Ordinance Introduced by Alderman Sullivan of New York City Council.**

New York, Jan. 20.—If there is any one in New York who is willing to come to the defense of women who desire to smoke in public restaurants, he or she will have an opportunity to be heard on Monday when the committee of laws and legislation of the board of aldermen will give a public hearing on the ordinance introduced by Alderman Sullivan making it a misdemeanor for restaurant or hotel keepers to allow women to smoke in public rooms.

The ordinance is the result of the recent action of several Broadway restaurants in removing the ban on women smoking in the public dining rooms. Alderman Sullivan admits that his ordinance is without doubt unconstitutional, but he believes that if it is passed by the board it will be considered as an expression of public opinion and will therefore deter women from smoking in public.

### MYSTERIOUS DEATH.

**Nude Body of Former Kansas Editor Found Near Railroad Tracks.**

Syracuse, Kans., Jan. 20.—George Satterthwaite, until three months ago managing editor of the Wichita, Kansas, Eagle, was found dead near the railroad track two miles east of here Friday.

His body was nude and investigation shows that he had left his clothes two miles away and walked in the cold and snow to the place where his body was found. Satterthwaite's father is owner of the Douglas, Kans., Tribune.

**Preacher May Accept Call.**

Macon, Ga., Jan. 20.—Rev. Jon S. Bunting, now an Episcopal minister in Greenville, Del., is in Macon looking over the field at Christ church with a view of accepting the call which was recently extended him. It is believed by the vestry of Christ church that he will accept, and much interest is being manifested in his coming.

**Much Tobacco Prey of Flames.**

Janesville, Wis., Jan. 20.—Fire, which totally destroyed the Julius Marquesse warehouse Saturday, has caused a loss of between $150,000 and $200,000 to tobacco which was stored in there. The fire originated of unknown origin.

# STATE FEDERATION WILL CONVENE TODAY

Meeting Will be Called to Order in Opera House at Noon.

A LARGE DELEGATION IS HERE

Delegation from Tampa Arrived by Special Car, and Are Making Merry of the Occasion—Interesting Program Arranged for Today.

The annual convention of the State Federation of Labor, the largest organization of the State, representing every class of labor, will begin its annual session in the opera house in this city at noon today, and will continue until the business of the convention will have come to a close.

Already a large number of delegates are here, having arrived on Monday night's train. The largest of these delegations is from Tampa. The delegation comprises twenty-six members, and is headed by the genial Max P. Moritz, State president, and J. A. Roberts, State secretary and treasurer of the Federation, and both enthusiastic advocates in the cause of organized labor. The Tampa aggregation came in a special car via the Seaboard, and are making their headquarters at the Brown House. They are a jolly lot as a whole, and appear to have come for a good time, as well as for business.

Other delegates are expected today, among whom will be those of the Jacksonville and Tallahassee unions.

## NEWS OF CITY AND COUNTY CONDENSED

Rev. A. B. Welch, colored, of Bennington, was in the city yesterday. He called at The Sun office and renewed his subscription. Rev. Welch, who is one of the most industrious of the colored population of the county, has been a regular subscriber to this paper for fifteen years, and has been a supervisor of Green school for the same length of time. This is a remarkable record, and shows that he must be an efficient officer in this direction.

Ernest Wertheim, an old Gainesville boy, but for the past six years located at Memphis, Tenn., where he holds the responsible position as chief clerk in the office of the Western Union Telegraph Company, is here on a visit to his mother, Mrs. Annie Wertheim, and sister, Mrs. Joe Manasse. His friends are glad to see him, and glad to learn that he is prospering. Mr. Wertheim has with him as a guest Jerome Cohen, a prominent young cigar dealer of Memphis. They will probably visit points on the East Coast before returning to their Tennessee home.

### Jeavons' Tent Show.

The Jeavons' Big Dramatic Company, which visits Gainesville for the first time, made its first appearance last night in the beautiful five-act comedy, "The Little Duchess," in which Miss Irene Jeavons assumed the character of the Little Duchess in a clever and most bewitching manner. She was supported by an excellent cast, and altogether those present enjoyed the entertainment.

This aggregation is traveling the popular way nowadays—under canvas. They are particularly well equipped, however, the scenery and effects being modern, attractive and up-to-date. The big tent and stage is lighted by electricity, and everything is as comfortable as an opera house.

Between the acts there are several good specialties.

This company expects to remain in Gainesville for the entire week, and will show at popular prices. The tent is located on South University street, where the Park company has been playing for the past two trips.

### Among the Veterans.

It is to be regretted that no roster was supplied in which the veterans attending the exercises at the court house Monday could register, but no list of names was secured. However, among those present may be noted John Malphurs and S. E. Brooker of LaCrosse, T. M. Venable and B. F. Massey of Arredondo, J. I. Holbrook of Santa Fe, and James Croxton of Micanopy, the latter being accompanied by his good wife.

There were good crowds from Santa Fe and LaCrosse.

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham:

# THE COMMISSION IS BEHIND RAILROADS

Must Provide Adequate Passenger Stations Here or Show Cause.

TWO ROADS ARE INTERESTED

Following Petition to Compel S. A. L. and A. C. L. to Erect Union Depot Here, Which Was Refused, Commission Says They Must Do Something.

In compliance with the order of the Florida Railroad Commission, which anticipates compelling the Atlantic Coast Line railroad and the Seaboard Air Line railroad to erect passenger stations in this city affording more adequate and convenient facilities for the handling of passenger traffic, representatives of these roads will meet the commission in this city at 9 o'clock Wednesday morning, the 22d, at the court house, to confer over the matter, and at this meeting the railroads in question must show cause, if any, why such stations should not be erected and provided for the convenience of passengers.

It will be remembered that several weeks ago the Gainesville Board of Trade, through its energetic members, started the agitation of a union depot in Gainesville, feeling that the city is now sufficiently large to warrant same, and taking into consideration also the great disadvantage, expense and in many instances delay in passengers being compelled to transfer from one depot to another. In some cases trains were scheduled to arrive and depart from each depot at about the same hour, making it impossible for passengers desiring to transfer to make the desired transfer in time to catch the train which they desired, and in many instances it has become necessary for them to lay over in Gainesville anywhere from ten to twenty-four hours in order to make the desired connection, at great inconvenience and expense.

This matter was presented in due form to the Railroad Commission by a properly appointed committee, but for some reason the commission refused to concur, but the order requiring the respective railroads to provide convenient accommodations resulted.

Those who have the matter in charge at this end of the line feel confident that some good will result from this meeting, as the members of the commission who visit here will readily ascertain by investigation that there is plenty of room for improvement.

### THOUSANDS CURED.

Wonderful Success of Hyomei in Curing Catarrh, Even in Chronic Stages.

Hyomei is the most unusual remedy ever known for the cure of catarrh.

It follows Nature in her method of treating diseases of the respiratory organs, as its healing balsams are taken in with the air you breathe, thus reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs and preventing their growth.

Use Hyomei at the first symptoms of catarrh. Do not allow the disease to extend along the delicate mucous membrane, gradually going from the nose to the throat, thence into the bronchial tubes, and then onward and downward until the lungs are reached. Hyomei will cure all curable forms and stages of catarrh. J. W. McCollum & Co. take the whole risk, and offer to refund the money for a dollar outfit if it fails to cure.

### Fear Great Fire in New York.

New York, Jan. 18.—Declaring their belief that New York is in danger of being swept by a serious fire and that the city is resting in false security, the board of fire underwriters has begun what is expected to be a comprehensive investigation of conditions, which if not remedied, they are already convinced, will render a calamity inevitable.

# LEE'S BIRTHDAY TTINGLY OBSERVED

## wall Camp Did Honor to the mory of Departed Dead.

## LEDD MADE AN ADDRESS

**Was Full of Eloquence, Sincer- nd History, and Was Appreciat- y Hearers—G. A. R., Daughters, ets and School Children There.**

commemoration of the birthday neral Robert E. Lee by Stonewall , United Confederate Veterans, heir friends, has come and gone it was one of the most beauti- nd impressive ceremonies of the ever held in this city. The com- ous court house was crowded to oors with a large and representa- audience, prominent among whom many gray-haired veterans, not those who fought to save the ederacy, but those who were lly active to preserve the Union. s a grand gathering of veterans, the good feeling of fellowship h was apparent by the old soldiers oth the North and the South, as mingled together, was sufficient indle the fire of loyalty and en- iasm in the hearts of the younger ent who were present, as it sug- ed that old adage, "how happy and oling it is to dwell in peace to- er."

he battalion of cadets from the versity of Florida, in connection the United Confederate Veterans, Daughters of the Confederacy, mbers of the Grand Army of the ublic, the pupils of the public ools, and the public in general, d the court house promptly at 10 o'clock, when Commander Blitch of Stonewall Camp called the meeting to order. A prayer was offered by Chaplain Thos. P. Hay, pastor of the First Presbyterian church, after which the orator of the day, Dr. Andrew Sledd, president of the University of Florida, was presented by the chair.

Dr. Sledd, who is regarded as one of the most eloquent, most earnest and most impressive speakers in the State, seemed to be at his best upon this occasion, delivering one of the most instructive and interesting lectures or addresses it has ever been the pleasure of our people to hear.

Dr. Sledd, at the beginning, desired to impress upon his hearers the importance of such an occasion as was one, which he felt specially honored, on account of its significance and importance, to address. He felt it a special honor, at any time and at any place and under any circumstance, to reverence the name of such a man as him of whom he was about to make some brief allusions.

"Carlyle says, 'Happy the people whose annals are blank in history books,'" began the speaker; "this is true if the annals be a clog, but false if the annals be an inspiration.

"We approach this as a season of inspiration. The inspiration of a great man's life is best derived and enforced, not by the study of single phases of his character or the special circumstances of his career, but by the study of the fundamental principles of conduct which are given character, or special circumstances may illustrate and enforce.

"We need a wider basis of contact and sympathy; hence I propose a consideration of the great general principles underlying the character of one of America's greatest heroes, Robert E. Lee.

"No biography is really needed of this beloved, upright, Christian man of his people, but by way of parenthesis I may mention that Robert E. Lee was a native of Virginia, born in Westmoreland county on January 19, 1807. He was graduated from West Point in 1829, and served under General Scott in Mexico. We are all familiar with his noble record in the cause of the Confederacy in the bloody and strenuous campaign, from 1861 to '65.

"After the surrender he went as president of Washington College, Virginia, where he served with valor and faithfulness from 1866 to 1870, in which year he died, October 2."

Following this brief allusion to the life of Lee, the speaker made several references to his life and character, both as a soldier and a citizen, and his remarks in this direction were at times most touching. He declared that a man may be a great man, but not a great soldier; he might be a great soldier, but that did not necessarily mean that he would be a great man; but General Lee had them both entwined in his bosom, and he was regarded as both a great man and a great soldier.

"What is greatness?" the speaker asked. "It is not physical or material, not purely intellectual. Greatness must involve certain elements of character which we call virtues. Greatness is the possession and expression of the highest virtues, which are intelligence, bravery, justice and self-control. Virtue has very wisely been defined as 'power of will, based on rational understanding.'"

Dr. Sledd spoke particularly to the young people in alluding to the "sowing of wild oats." He desired to impress upon the minds of the young men and women—especially the former—that the old theory that they must sow their "wild oats" was absurd and mythical, for it was not necessary that they should have any "wild oats" among their seed. "Whatsoever Ye Soweth, That Shall Ye Also Reap," he brought in at this point very impressively. As surely as a young man sowed his "wild oats," as surely was he to reap the harvest, as when a man soweth the wind he reapeth the whirlwind.

The speaker referred to war as an unfortunate necessity at times—to be done well, but not glorified. Lee was a soldier who did his work well, but who never glorified in the destruction his forces had wrought. He related several instances commemorative of the life and character of his subject which were deep and impressive, showing Lee to be a man above men, and a man loved for his bravery, his discretion and his deeds.

At the conclusion of Dr. Sledd's address he announced that, through the courtesy of J. J. Fenley Chapter, United Daughters of the Confederacy, in accordance with a custom which had been decided upon by a recent State convention of the Daughters, that the children of the public schools should be familiarized with the history and likeness of the great men of the Confederacy, this local chapter had presented to the Gainesville Graded and High School a portrait of General Lee, which adorned the walls in the rear of the speaker at the time. The rostrum was surrendered to Col. J. M. Rivers, who in his usual pleasing manner, with appropriate remarks, received the portrait in behalf of the school, thanking the donors most heartily.

After a few remarks by Commander Blitch, who addressed the veterans of both the Confederacy and the Union present, as well as members of both chapters of the Daughters of the Confederacy, thanking them for their attendance, and expressing a wish that "we may all be spared to meet again from year to year to commemorate the birthday of General Lee," the meeting adjourned, with the benediction by Rev. Dr. Hay.

# One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

## TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

## ANOTHER WONDER OF SCIENCE.

**Biology has Proved that Dandruff is Caused by a Germ.**

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## WELCOME, FEDERATION OF LABOR

The State Federation of Labor meets in annual session in this city today, and on behalf of the people of Gainesville The Sun extends a hearty welcome to this representative body of working men.

It is understood that there will be about one hundred delegates present, representing every branch of labor in the great State of Florida, and among them will be some bright intellects—some of the brightest engaged in any kind of occupation in the State—men who are able to hold their own in debate with people of national reputation.

These delegates meet here to discuss what is best for the welfare of the working-man—for organized labor—and no one can gainsay that they have not as much right to do so as the bankers, or representatives of other interests, have to assemble to discuss matters pertaining to their interests. The laborer is worthy of his hire, is a truthful saying, and the laboring men have a perfect right to organize for self-protection. Properly conducted labor organizations are a protection, rather than a menace to employers, and The Sun is pleased to note that conservatism has so far prevailed in the labor organizations of Florida of which the State Federation is composed. There may be some radicals among them as there are in all organizations, but they are greatly in the minority.

The sessions of the Federation will be held in the opera house, and The Sun trusts that in days to come the Gainesville meeting can be pointed to as one of the most profitable in the history of the organization.

## GOOD FOR JACK.

Of course everybody has been watching with the utmost interest the progress of the battleship fleet now on its way to the Pacific. The first leg of the voyage was finished at Port of Spain, in the British Islands of Trinidad, and the second is now complete by the arrival at Brazil, where the Government authorities in Rio de Janeiro are laying themselves out to do honor to the fleet. Between New York and Rio there has been but one day lost from the schedule. This was due, it is said, to defective coal shipped at Trinidad. This speaks pretty well for the engineering end of the fleet, especially in view of the criticism that has recently been leveled at the navy. But one of the equally pleasing things is the compliment that was paid the men by the Governor of Trinidad. The arrival of the fleet there was greeted with complete official courtesy, but with mighty little general enthusiasm. It is hard to say just what the residents of the island expected, but perhaps their experience with sailors of their own and other nationalities was not such as to cause them to welcome 15,000 strange sailors being turned loose ashore in large batches. It is fair to say that Jack ashore is not always the most desirable citizen. But the men of the American fleet seem to have been on extra good behavior, and before the squadron was ready to sail they had been made thoroughly welcome in Trinidad. Before the vessels sailed Governor Jackson of Trinidad wrote a letter to Admiral Evans commenting among other things on the conduct of the sailors ashore. A part of this letter the Admiral signalled to the vessels after they were under way. The comment of the Governor on the men was that while on short they had established a record that "would be hard to equal and impossible to beat." That is the sort of an endorsement that the American people would like to hear from every port at which the fleet touches. There is more than a little relation between that sort of discipline and sobriety and the ability to attend strictly to the business that a navy is built for. Good work, Jack, keep it up!

## THANKS, BRO. HARE.

There has always been a soft spot in our heart for that courteous, affable, cultured gentleman, W. B. Hare, and anything with which he was connected, and it is needless to add that the following kindly reference in his last issue of The DeSoto County News makes us feel all the more kindly toward him. We have endeavored to conduct just such a newspaper as he pictures, and we are proud to know that such a competent critic credits us with having done so. The News says:

"The Gainesville Sun editor may not be perfect. We do not believe he makes any pretentions along that line. Yet, where will you find a cleaner, fairer paper than this Sun? McCreary, the editor, has been continuously in politics for the past dozen or more years. As member of the House and later as Senator from his county, he has been under fire, in the limelight, all the time. His enemies—if he has any—have hit him hard and fast at times. At the capital and at home he has given blows as well as received them—figuratively, of course. Still, he has not used his paper to promote his partisan interests. It seems to be absolutely impartial to everybody and every faction or interest. Its columns are remarkably free from all marks of the personal. It never abuses his friends who act differently in politics. This is not only right but wise. 'Politics makes strange bed fellows.' Not all papers can be absolutely consistent with past utterances, our enemies being judges.' However, if we are square and fair and courteous, we will be glad in the future. * * *"

W. H. Johnson, a mechinist employed at the L. & N. shops in Pensacola, lost both legs Friday when an engine backed down upon the car under which he was working, the wheels passing over both legs. He died a few hours later, being unable to stand the shock.

Clutching wildly for his hat, which a gust of wind had blown from his head as he was riding with J. M. Myrick in a buggy, 11 miles north of Tampa last week, John M. Mathews, a well-to-do farmer and orange grower of Stemper, fell from the buggy upon his head, breaking his neck. He died almost instantly, gasping out his life with his head supported upon the knees of Myrick, his riding companion.

Raymond, the little two-year-old son of Mr. and Mrs. R. G. Starling of Lawtey, was burned to death last Wednesday. Mr. Starling had set fire to some grass near his barn and went on about his work. In playing about the yard the child got near the embers and its dress caught fire.

The small portion of road put down as an experiment by the County Commissioners of Orange county to test the Dickson block has been completed and tested. The quality of the road was tested by a heavy laden wagon passing over it, in and out and across it without a bit of the concrete being broken. It is possible that Hon. H. H. Dickson of Orange county has solved the question of good, cheap, durable roads.

The king fishermen continue their great catches and as a result the local exporters will send out a solid carload of these fish. The total number of fish taken went far up into the thousands, the aggregate weight of which was between 50,000 and 75,000 pounds. This will be the second car of kingfish ever sent from this port—that is by the carload lot—the majority of the shipments being in barrels by express—Miami Metropolis.

A dish of apples in the show window of Welhe, the jeweler, attracted quite a good deal of attention yesterday. Not that apples are scarce in Ocala, but the fact stated on an attached card that they were grown in Marion county made them a curiosity. They were grown by Mr. S. Lehman, the nurseryman at South Lake Weir, who had grafted the apple into a haw tree. They were of excellent flavor and entirely free of seeds, thus making them very desirable for cooking purposes. They were very miniature in size, but the fact that they are continuous bearers make them very desirable fruit to have about the place.—Ocala Banner.

### The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of the ingredients composing it is printed there in plain English. Forty years of experience has proven its superior worth as a blood purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine. Send to Dr. R. V. Pierce at Buffalo, N. Y., for *free* booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and, through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed. In treating old running sores, or ulcers, it is well to insure their healing to apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty-four cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### THE CIRCUIT COURT.

Special Term Will Convene in This City on Tuesday, February 5.

In accordance with the order of Judge J. T. Wills, at the adjournment of the fall term of the circuit court of the Eighth Judicial Circuit in and for Alachua county, a special, or adjourned term of this court is called for Tuesday, February 5, at which term only the civil docket will be taken up, and then only such cases as have been and will be agreed upon.

This extra or adjourned term was occasioned by the heavily congested condition of the criminal docket at the fall term of the court, and the time required to dispose of same.

It is estimated that the coming session of the court will occupy about two weeks, during which time the docket will be considerably cleared of civil cases.

### RURAL CARRIER EXAMINATION.

Six Applicants Were Examined for This Branch of Service Saturday.

An examination for carrier of rural free delivery mail routes was conducted in this city Saturday, under the direction of E. Paul Brown, secretary of the local board.

There were six applicants, three white and three colored. The examination lasted about three hours.

This position pays a fair salary, ranging from $800 to $900 a year, but each carrier is supposed to furnish and provide for his own horse.

## ITCHING HUMOR ON LITTLE BOY

His Hands were a Solid Mass, and Disease Spread All Over His Body --In Four Days the Child was Entirely Cured—Mother Strongly

RECOMMENDS CUTICURA SOAP AND OINTMENT

"One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not as bad then, and we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for itching sores, etc., that I thought I would get them. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I went to the drug store and purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I stripped my little boy and took the Cuticura Soap and lukewarm water and washed him well. Then I dried him with a soft bath towel, and took the Cuticura Ointment and rubbed him thoroughly with it. I did this every evening before I put him to bed and in three or four nights he was entirely cured. You have my permission to publish this because anybody who suffered as my baby did ought to know of the Cuticura Remedies. I will surely and gladly recommend the Cuticura Remedies, for they are a godsend to all suffering with skin diseases. Mrs. Frank Donahue, 208 Fremont St., Kokomo, Ind., Sept. 16, 1907."

# MANAGER BUCKLEY IS ENTHUSIASTIC

## Over the Coming Mid-Winter Exposition at Jacksonville.

### MADE A VISIT TO ALACHUA

**In the Interest of the Exposition, and Feels Gratified That Spring Park Farm Will Send an Exhibition of Cattle—Other Exhibits Also.**

"I can say with impunity that the coming Mid-Winter Exposition, which will open in Jacksonville on the 25th inst., and remain open for three months, will be the most successful, largest and most magnificent affair of the kind ever attempted in Florida," remarked Louis W. Buckley, general manager of the exposition, at the Brown House Saturday. "We have left no stone unturned to make it a success; we have employed men who know their business to make all arrangements and secure attractions, and they have succeeded admirably, as will be demonstrated when the great exposition is thrown open to the world at noon of Saturday, the 25th, with appropriate ceremonies. We expect upon this pompous occasion, which will mark a new era in exposition work in the South, especially in Florida, many prominent persons, among whom will be Governorr Hoke Smith of Georgia, Governor N. B. Broward and staff, Congressman Frank Clark, and others. An interesting feature of the event will be the starting of the machinery by the pressing of an electric button in Washington by President Roosevelt, provided the President finds it impossible to be there personally."

Mr. Buckley states that the grounds, which combine Dixieland Park, comprise twenty-eight acres, and are admirably located just across the river, only three minutes' ride from the foot of Main street.

The Palace of Industry, which is the main exhibition building, is a beautiful structure with white staff front. It is the largest building of the kind in the South, its dimensions being 350x400 feet. Another desirable feature of the exposition will be the arena, a commodious pit which will be used for baseball and other athletic games, also for the stock show, which will be held some time in February.

"Another great attraction at the Mid-Wniter Exposition will be the two midways, which will be known as the Florida Trail. These thoroughfares will combine a length of about eight blocks, and here is where the concessions will be located. There are many concessions, many of them among the leading attractions of the United States. Among the most widely known are the famous Bostock trained animal show, Roltair's Illusion Shows, a very expensive attraction direct from Coney Island, the baby incubators, seven in number, the Iggorate village, comprising fifty-six inhabitants from the Philippine Islands, the Eskimo village, from the Jamestown Exposition, with thirty-two Eskimos, men, women and children, with their dogs, reindeer, etc., the Seminole village from the Everglades, with the famous Chief Billy Bowlegs in command, the Japanese village, comprising sixty-five Japs in their various lines of native pursuits, industrial and otherwise, including the Japanese Theater, tea gardens, etc., the Streets of Cairo, under the management of Tazaan & Co. of Constantinople, with their herd of nineteen camels and fifty Turks, Syrians, etc., including in this concession the Turkish Theater, Madam Van's trained horses, the celebrated educated fleas, and dozens of other interesting attractions equally as interesting.

"There will also be numerous free attractions daily, including Lincoln J. Beachey and his famous airships, with which Mr. Beachey won the world's record at the international races, St. Louis. There will also be a number of the leading bands of the country, including Sousa, Bandorossa, and others. Also Walter H. Knoll, the greatest cornetist in the United States of the present day.

"In the line of stock and other exhibits, I am glad to be in position to state that Alachua county will have an attractive display, and a display which is bound to prove of great value to your county," continued Mr. Buckley, enthusiastically. "Mr. N. A. Callison, manager of the Spring Park Stock Farm Company, assures me that his company will have an exhibit of about fifty head of cattle, including entries in nearly every class of Hereford and Jersey breed, and he will also take a number of Angora goats and other fancy stock for the pet stock show. I had the pleasure of spending Friday night and a part of Saturday as the guest of Mr. Callison at the farm, and was very much surprised and impressed at the magnitude of the institution, which is one of the most modern places of the kind I have ever seen. I am sure the cattle display of the Spring Park Farm will attract the admiration of all who see it in Jacksonville, as it has done at the State fairs."

Commissioner George Taylor, in cooperation with Mr. Callison and others, is exerting every effort in the matter of securing attractive individual exhibits, and meeting with great success. They have virtually been assured of a good exhibit of the phosphate and mining industry, and the chances are that they will secure a cotton and hardwood display, as well as several others.

Mr. Buckley states that arrangements have been made with both the Seaboard and Atlantic Coast Line to run excursions from Gainesville to Jacksonville from time to time at specially reduced rates, which will be given later, and that the management of the Exposition would arrange to give two or three "Gainesville Days."

# HAVE YOU WEAK LUNGS?

### Do You Fear Consumption?

When we take into consideration the fact that one out of every seven in this climate die of consumption, is it any wonder that it is feared by the people of Gainesville who have weak lungs and chronic colds and coughs?

A famous London physician has for years urged his patients, when the slightest tendency to consumption appeared, to take all the cod liver oil possible into their systems, and physicians everywhere have recognized its value for coughs, colds, bronchitis, consumption and all wasting diseases, but, unfortunately, few could take it and derive the full benefit from its use, on account of the indigestible grease which it contained.

We want every person in Gainesville to know the value of our new cod liver preparation—Vinol. It actually contains in a concentrated form all of the medicinal body-healing elements of cod liver oil actually taken from fresh cods' livers, without a drop of oil or grease to upset the stomach and retard its work.

Therefore, wherever old-fashioned cod liver oil or emulsions will do good, Vinol will do far more good. We guarantee Vinol will improve the appetite, strengthen digestion, make rich, red blood, create strength, cure chronic coughs and colds and strengthen weak lungs.

If Vinol fails to give satisfaction to our customers, we return money without question.—W. M. Johnson, Druggist, Gainesville, Fla.

### Mrs. McKinstry's Lecture.

The Advent Christian church was crowded with a large and representative audience, representing every denomination in the city, Sunday evening to hear the concluding lecture of Mrs. McKinstry, who has been conducting a series of lectures for the past week on "The World's Great Empires."

The subject of this concluding lecture was "The Fifth Empire," and the subject, which proved a most instructive one on religious lines, practical and sensible in every way, was handled in a masterly manner.

All who attended the lecture listened with the most rapt attention to the speaker for an hour and fifty minutes, and would have been contented to have remained longer.

Mrs. McKinstry preached at the Advent Christian church Monday night.

### After the Delinquents.

Delinquent patrons of the water works have evidently become satisfied by this time that Superintendent Miller and those in authority meant business when they stated that they would cut off the supply if rents were not paid by the 10th inst. Superintendent Miller, armed with his delinquent list and a box of wrenches, has been playing havoic with delinquents' connections for the past few days, and is still active.

As a friendly warning to delinquents, it is suggested that those who have not paid, and who have not yet been reached by "the man with the wrench," had better pay up instanter if they do not care to be deprived of their water privilege at almost any hour.

# MANY INFLUENTIAL PEOPLE ADOPT NEW THEORY

## Statements from Followers of Cooper Obtained Recently in Various Cities.

A number of statements from prominent people located in various cities where the widespread discussion over L. T. Cooper's new theory regarding the human stomach has recently waged, give an idea of the intense interest the young man has aroused during the past year. The statements are as follows:

Mr. C. D. Mitchell, of 2412 Avenue C, Birmingham, Ala., has this to say with regard to his belief in Cooper's medicine: "I have been troubled with indigestion and stomach trouble for the past year. I had heartburn, bloating after eating, gas on stomach and bowels, palpitation of the heart, pain in the lower part of my back, and various other symptoms, and was a victim of much distress. I tried many remedies, but received little or no benefit from them. I was advised to try the Cooper preparations, and did so. In one week's time I was improved wonderfully—the first relief I had been able to obtain. Mr. Cooper's medicine does all he claims for it."

Mr. J. O. Spradling, of 705 South Tejon Street, Colorado Springs, Colo., says: "I was troubled with indigestion for two years. It caused me a great deal of suffering and misery. I did not dare to eat meat at all, and everything I did eat soured on my stomach. I tried various remedies, but found no relief. Three months ago I started taking Cooper's New Discovery, and after using the contents of three bottles I was entirely cured. I can now eat and relish anything that my appetite craves. The New Discovery is truly a great stomach medicine."

Mr. Wm. Codier, of 408 Graves Street, Syracuse, N. Y., is very strong in his expression of belief in the new medicine, and has the following to say on the subject: "I have suffered from catarrh of the nose and throat for four years. It must have been communicated to my stomach, for all this time my stomach has given me a great deal of trouble, and caused me much pain and suffering. My stomach was often sour, and my food did not digest. I was bothered by a continual desire to spit, and there was a constant dropping of mucus into the throat.

"The first relief I have been able to obtain is from Cooper's New Discovery, which I have been taking for about a week. My catarrhal condition has been greatly improved and my stomach is almost well. Mr. Cooper's medicine has benefited me more than anything I have ever used."

These statements are from reliable citizens in various communities who have tried these celebrated medicines. We sell them and will gladly explain their nature to any one interested. —J. W. McCollum & Co.

**CATARRH** BLOOD UNHEALTHY SYSTEM DERANGED

The entire inner portion of the body is covered with mucous membrane this membranous tissue is abundantly supplied with blood vessels, veins arteries, and capillaries. Each of these is constantly supplying to this tissue or lining, blood to nourish and strengthen it and keep the system healthy When the blood becomes infected with catarrhal matter it is not able to furnish the required amount of healthful properties, but feeds the parts with impurities which disease the membranes and tissues so that they become irritated and inflamed, and Catarrh, with all its disagreeable and dangerous symptoms, is established in the system. There is a constant ringing in the ears, a thin, watery discharge from the nostrils, the breath has an offensive odor, slight fever often accompanies the disease, and gradually the entire health becomes affected and the system upset and deranged. In its earlier stages, when Catarrh is confined to the nose and throat, sprays, washes inhalations, etc., are soothing and in a way beneficial, because they are cleanly and usually antiseptic, but such treatment has no curative effect because it does not reach the blood. To cure Catarrh the blood must be purified, and this is just what S. S. S does. It goes down into the circulation and attacks the disease at its foundation; it removes the cause and makes the blood pure and healthy Then the blood vessels are filled with fresh reinvigorated blood, which is carried to all the mucous surfaces and linings, the inflammation and irritation are corrected, the symptoms all disappear, the health is improved and Catarrh is permanently cured Book on Catarrh and any medical advice free to all who write.
